State of Texas Emergency Assistance Registry (STEAR)

- STEAR - Public
- STEAR - Local Government

Do you or anyone you know need some assistance during times of an emergency event? The state of Texas presents the STEAR program. The STEAR program is a **free** registry that provides local emergency planners and emergency responders with additional information on the needs in their community. Texas communities use the registry information in different ways. Registering yourself in the STEAR registry DOES NOT guarantee that you will receive a specific service during an emergency. Available services will vary by community. For more information on how your community will use information in the STEAR registry, contact your local emergency management office.
