The above referenced FEMA flood insurance rate map is for use in administering the "NFIP". There may be other streams, creeks, low areas, drainage systems or other surface or subsurface conditions existing on or near the subject property which are not studied or addressed as part of the "NFIP".

Blocking the flow of water or constructing improvements in the drainage easements, and filling or obstruction of the roadway is prohibited.

Johnson County is relying upon the surveyor whose name is affixed hereon to make accurate and truthful representations upon which Johnson County can make determinations regarding the approval or disapproval of this plat.

Private Sewage Facility

On-site sewage facility performance cannot be guaranteed even though all provisions of the Rules of Johnson County, Texas for Private Sewage Facilities are complied with.

Inspections and/or acceptance of a private sewage facility by the Public Works Department shall indicate only that the facility meets minimum requirements and does not relieve the owner of the property from complying with County, State and Federal regulations. Private Sewage Facilities, although approved as meeting minimum standards, must be upgraded by the owner at the owner's expense if normal operation of the facility results in objectionable odors, if unsanitary conditions are created or if the facility when used does not comply with governmental regulations.

A properly designed and constructed private sewage facility system, installed in suitable soil, can malfunction if the amount of water that is required to dispose of is not controlled. It will be the responsibility of the lot owner to maintain and operate the private sewage facility in a satisfactory manner.

Indemnity

The property developer submitting this plat to Johnson County for approval and the owner of the property the subject of this plat do hereby agree to jointly and severally indemnify and hold harmless Johnson County and the Commissioners, officials and employees of Johnson County from any and all claims or damages resulting from or allegedly arising from Johnson County's approval or filing of this plat or construction documents associated therewith.

It is a Criminal Offense punishable by a fine of up to \$1000.00, confinement in the county jail for up to 90 days or by both fine and confinement for a person who subdivides real property to use the subdivision's description in a deed of conveyance, a contract for a deed, or a contract of sale or other executor contract to convey that is delivered to a purchaser unless the plat or record of the subdivision is approved and is filed for records with the Johnson County Clerk. However, said description may be used if the conveyance is expressly contingent on approval and recording of the final plat and the purchaser is not given use or occupancy of the real property conveyed before the recording of the plat.

A purchaser may not use or occupy property described in a plat or replat of a subdivision until such time as the plat is filed for record with the county clerk's office of the Johnson County Clerk.

The approval and filing of a Plat which dedicates roads and streets does not make the roads and streets county roads subject to county maintenance. No road, street or passageway set aside in this Plat shall be maintained by Johnson County, Texas in the absence of an express Order of the Commissioners Court entered of record in the minutes of the Commissioners Court of Johnson County, Texas specifically identifying any such road, street or passageway and specifically accepting such road, street or passageway for county maintenance.
